## Southampton University Trip

On the 22<sup>nd</sup> of May I took eight Y12 students to Southampton University as part of The Access Project programme. The aim of the trip was for students to get an insight into a Top University. They got the chance to sit in two taster lectures.

- Physics: Black Holes
- History: Nelson Mandela and South Africa: The Power of History, Memory and Symbolism.

Students also received advice on university admissions, picking a course, accommodation and student life. Current university students took our students on the tour and held a question session for them too.

We had a really great time and some students are now considering applying to Southampton University.
